*To whom this may concern*

*The player with this letter has been fortunate enough to be able to play rugby for his county, Sussex. He has recently been selected to go on tour with Sussex in July 2009 to South Africa. This will be an under 17 squad of players. This is a fantastic opportunity for him to go and experience rugby in another country and the fact they are the current rugby world cup holders will only increase the experience. The trip is a 3 week, 11 game tour, the tour management are very keen for the players to experience and appreciate diverse and different cultures. The players have got to raise the money for the tour, the tour management see this as a chance for them to set goals and work out how to achieve them, also to work as a team and get to understand their own strengths and weakness within that team.*

*All the players realise that they will gain so many experiences from the tour preparation, the fundraising and from the events that will unfold on tour. This will stand them in good stead as they start to get closer to looking for employment, as they will be able to show that they can work in a team, develop and support others to achieve agreed targets and goals.*

*If you can provide them with any assistance to raise the necessary funding it would be greatly appreciated, they are hard working boy's and are willing to do anything to achieve their goal.*

*Thank you for taking the time to read this letter , if I can be of any further help please don't hesitate to call or write.*

*Kind regards*

*Ian Duffell*
